The Friends of the Preble County Park District is a 501(c)3 non-profit organization with the charter to:

1. Inform the public concerning the availability of the public county parks in Preble County.
2. Develop and maintain support for the public county parks and park programs.
3. Provide good communication between the Preble County Park Board and the general public.
4. Promote, foster, assist and support programs and activities associated with the Preble County Park District.
5. Encourage volunteerism toward support of the Preble County Park District.
6. Assist the Park District by raising funds, securing donations, and applying for and obtaining grant monies to further the growth of the Park District.
7. Maintain relationships with other organizations in Preble County and the State of Ohio that are concerned with parks, open spaces, horticulture, forestry and wildlife.

We are a dedicated group of individuals that enjoys the out-of-doors and volunteering to improve the nature experience for others.

Meetings are several times a year. Now that the Allen & Adaline Garber Nature Center, the first Preble County Park, is open for public use, the Friends will meet more often in order to support the needs of the Preble County Park District. Friends have already helped the Park District build a mile-long trail and bridges in the Garber forest, and we are currently building a 500' handicapped accessible boardwalk in the forest.

We invite you to share our passion by becoming a member of the Friends!
